

ESTABLISHED 1861

SKINNER

2022 NATIVE BLANC

THE WINE

We wanted to make a similar wine to our popular Native Rouge but needed to include the white wines this time. Without further ado...we introduce the Native Blanc, a modern day tribute to our original brand name, J. Skinner Native Wine & Brandy dating back to 1861.

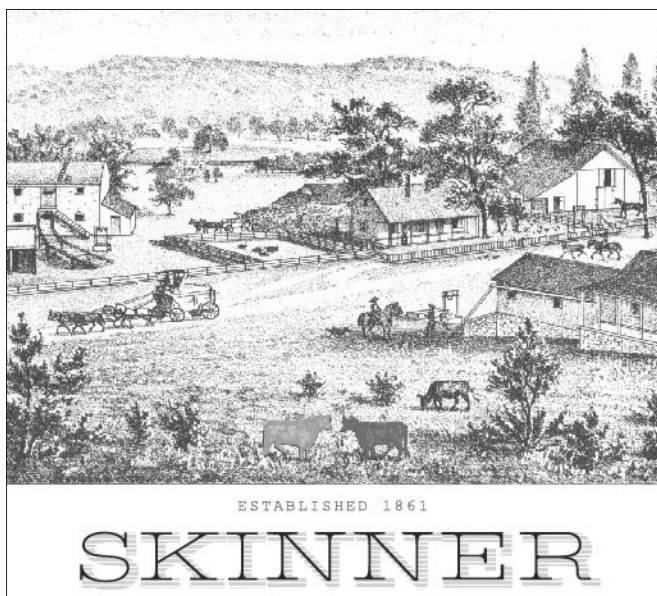

WINEMAKER NOTES

This white Rhone blend is made to compliment the Native Rouge. Native Blanc exemplifies the Skinner white wine style as it demonstrates grape maturity and cellar style. Each varietal is cold pressed, sent to tank for a two day brown-out and then barreled down to ferment using native yeast. Blending is essential for this wine. This wine leads with the nose, and tastes of fresh melon with a lemon twist.

TASTING NOTES

Native Blanc is a very unique and enjoyable wine. This Rhone blend is made for the senses. Bottled in flint to show the purity of slight greens and soft yellow. Native Blanc captures the nose, delights the mouth with apricot and lemongrass and ends just before a velvety sweetness catches, leaving questions.

Fun, mouthwatering with a flirty flare, this heritage blend can be your food's best friend, or simply a way to cool down on a hot summers evening or a day by the pool.
